WHEN WILL THE END COME!

DR. W. GODFREY HUNTER.

Special to The Public Ledger.

FRANKFORT, March 31st.

The Kentucky Legislators today marched up the hill and marched down again.

At one stage of the proceedings there was a jawmatch Senator James and Representative Violett, and at another stage of the game Senator James and Sergeant-at-Arms Bob Tyler had a small scrap.

There were five ballots for Senator, as follows:

	1st.	2d.	3d.	4th.	5th.
Hunter.....	60	60	59	57	58.
Blackburn.....	55	62	62	60	41
Dave.....	13	13	13	13	12
Boyle.....	7	7	7	7	7
Stones.....	1	1	1	1	1

While the "space-writers" for sensational newspapers are sending out all sorts of reports and conjectures, if one really wants to know what the outcome will be the only safe plan is to wait and see.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

The State Board of Equalization has received most of the Assessors' books, and is almost ready to make an estimate of the valuation of the property in Kentucky as fixed by the Assessors. From present indications there will be a decrease in the property reported last year, as compared with that of this year, of about 6 per cent.

The falling off in valuation will be between \$500,000 and \$600,000 over that of last year.

Mrs. Judith L. Marshall, formerly a resident of this county, now of Chicago, while standing on the street talking to an acquaintance in that city a few days since, was struck by a cable car, thrown to the ground, and was slightly injured.

Mrs. Marshall is 71 years of age, and it was feared serious results would follow the accident. She has many relatives and friends in this county who will regret to hear of her misfortune.

WANT HIM MOVED.

A Former Maysville Man Who is "Offensively Partisan" at Cincinnati.

In Cincinnati a few days ago a petition, signed by thirty reputable citizens of Precinct 1 of the Fourth Ward, was filed with the Secretary of the Board of Elections, asking for the removal of Simon N. Newell, Registrar of that Precinct. The petitioners state that Newell "continually discusses registration in and out of the polls, threatening voters with arrest, misconstruing election laws for 'bluff' purposes and otherwise prostituting his office as Registrar."

They earnestly request his dismissal as an election officer.

The matter will be investigated by the Board of Elections at its next meeting.

HE GOT THE COAT.

About Five Hours Later in the Day a Constable Got Him.

Yesterday morning a man and wife and two children arrived on the morning L. and N. train, bound for a visit to friends and relatives near Germantown.

The man had left his wife and children at the depot until he could go and get a horse and buggy.

His wife, after waiting some time in the depot, took the children out on the platform, leaving her baggage in the room.

Her husband's overcoat was lying on top of a valise, and a white man came along and thought he wanted the coat and took it.

When the man arrived with the buggy, he missed the coat, and immediately reported the loss to Constable Charles Dawson, who started out after the man and coat.

After a journey to Clark's Station he overhauled the thief and brought him back and lodged him in Jail.

He gave his name as Alfred Johnson, and upon being searched a pistol was found on him, and Mr. Johnson would more than likely spend some time with Jailer Johnson.

NARROW ESCAPE.

Mr. James W. Chambers of the Telephone Company Hurt Yesterday.

All the huge electric light poles had been erected without accident of any sort, and only two remained to be placed in position.

Yesterday shortly before 11 o'clock workmen were engaged in raising one of these at the Southeast corner of Second and Market.

When the top of the pole was about five feet above the sidewalk, it took a short cut on the workmen, and Mr. James W. Chambers, who was standing near and who had had much experience in that sort of work, sprang forward to assist the men.

Unfortunately the heavy pole was beyond control, and in its fall it struck Mr. Chambers with full force on the forehead, cutting an ugly gash, throwing him to the pavement and falling upon him.

Beyond the cut in his forehead and a few considerable bruises, however, he was not otherwise hurt, although it was almost a miracle that he was not killed.

Superintendent Gray expresses much sorrow for the unfortunate happening, more especially as Mr. Chambers voluntarily proffered his assistance in an emergency.

Y. M. C. A. MATTERS.

What the Local Association is Doing For the City's Young Men.

The score last night stood—
BLUES..... 33
REDS..... 28

This is April 1st, and the "Blues" are warned to be on their guard.

Only fifteen more days, boys, and then the bash will fly, and the best part of it is the "Blues" will do the eating.

The "Blues" should turn out tonight to the Bible's training class. The meeting to night will be an exceptionally interesting one.

There isn't a better thing under the sun than the Y. M. C. A. If it is a good thing, then push it along by a membership with the "Blues."

Wherever the "Blues" have waged war against the "Reds" it has been a victory for the "Blues," and Maysville is not going to be an exception.

Father, by buying your son a year's membership for your son over the "Blue" route you may save that son from a miserable life. Suppose you try it.

A "Red" fellier had on an Indian badge yesterday. We thought some of them were kin to the Redmen, judging from the unearthly noise they made.

A committee of "Blues" is going to wait on the Press Committee of the "Reds"—if it can be found—and demand of it who gave it authority to wear the blues.

The "Blues" are not discouraged in the least, all reports to the contrary notwithstanding. Indeed, they are more encouraged now than at any time since the contest began.

The silver question has been decided, and now the question is "Why don't you take a membership with the 'Blues'?" This is the most important one before the people of Maysville.

A look at yesterday's standing of the two armies justifies us in saying that the heat of the fight is now on, and if you want to get in the bandwagon and be sure of a seat you had better get a "Blue" application.

Boys, don't allow Cox's Army fool you with any ancient April fool jokes. If they tell you that the "Blues" are looking blue, just tell them that the color of the sky, and it is only a reflection upon your countenance from that beautiful overhead cloud.

The "Reds" have grown discouraged. Yesterday one of them was talking to a "Blue" man, and told him that they (the "Reds") were just keeping five ahead in order that the "Blues" would not get disheartened and throw up the fight. When you hear a fellow talking that way he is on the verge of quitting, and would quit outright if it wasn't for the horse laugh he'd get.

The widow of the late President Roberts of the Pennsylvania Railroad, has given \$5,000 to the Y. M. C. A. Department of the Pennsylvania Railroad system. The money will go toward completing the new building at Harrisburg, Pa. If the President of such a model of railroads as the Pennsylvania is could see enough good in the Y. M. C. A. Department of that system to give it such a sum of money to carry on the work, what becomes of the argument of those in this city who are continually saying the organization is no good? Mr. Roberts certainly saw some good in the Association. The young men of Maysville will not do anything but their whole duty by donating \$5 to the local Association, and the "Blues" are willing to risk their reputation on a guarantee that all the privileges advertised will be given. Suppose you try it for one year anyhow.

More Talk

About Time.

Some people are peculiar in the matter of buying a Watch. A silver Watch is good enough for one man so long as it keeps good time. Another one wants something a little more showy—a gold one,—but it, too, must keep good time. Some want a high-priced Watch, others a cheaper one, but after all everybody wants a correct timepiece. We selected our stock with time in view, and can sell you a high, low or medium-priced Watch—and any of them will keep time—the essential point.

We repair Watches so that we can guarantee them to keep time. Charges low.

BALLENGER, Jeweler

South Side Second Street.

In the closing day of the contest at Cincinnati the "Blues" shook their sleeves and 140 names accompanied by the cash dropped out. History repeats itself sometimes, and the Maysville "Blues" may be the ones to repeat.

The Woman's Committee will please meet in the Y. M. C. A. Parlor tomorrow afternoon to make arrangements for the reception to be tendered the "Blues" and to get the exact measurements of the "Reds" in order that no time be lost in making their costumes—blue gingham aprons—which they (the "Reds") will wear in serving the "Blues" the night of the banquet.

Colonel H. E. Pogue, President of the Old Eagle Club, had the season's first fish fry yesterday.

Mr. Vincent will deliver his second lecture—Victor Hugo—at the High School Monday evening, April 5th.

Portsmouth complains of a flood of counterfeit half dollars, quarters and nickels. Send some of 'em down this way; any old kind of money will be a help.

"THAT TIRED FEELING!"

Kentucky Pie Hunters Can't Stand Washington Hill Bill's Much Longer.

The Washington correspondent of The Courier-Journal says the Kentucky office seekers looked temporarily in that city are getting very tired spending their money at hotels and waiting for developments at Frankfort.

All of them realize that no patronage will be distributed among Kentuckians until matters are settled.

They do not want to go home for fear "something might drop" as soon as they leave and they know that they should be right here when that "drop" comes.

One of them said that he had packed his valise half a dozen times and started out for home, but afterward had concluded that Dr. Hunter or somebody else might be elected, and decided to wait a while longer.

Fully twenty-five are there lounging around the telegraph offices and asking for news from Frankfort.
